

# Hatesphere, Reaper Of Life

A destined unseen brutal force  
Around us every day  
Determining when its time  
For us to live or die  
Hes all around us now  
Awaiting his chance to strike  
Understand his grand design  
Into which we all fit  
Understand that if youre fortunate  
Hell visit all over again  
There is no escape  
He will claim his right  
Hes all around us now  
Awaiting his chance to strike  
There is no escape  
He will claim his right  
In the end  
No one escapes his plan  
Today may very well be  
Your time to shake his hand  
Your life is at its end  
He will put you in your grave  
He is coming to take away your life  
For eternity you shall pay  
A destined unseen brutal force  
Around us every day  
Determining when its time  
For us to live or die  
There is no escape  
He will claim his right  
Hes all around us now  
Awaiting his chance to strike  
There is no escape  
He will claim his right
