

# Havana Brown, We Run The Night (Ft. Pitbull)

When the sun goes down down down down  
Boy you're afraid of die die  
And when the lights go out out out out  
Tell me do you know where to start.

And when the gets loud loud loud  
That is when i feel apart  
And when the worlds say  
?cause the sound is the key of my heart

Be funny at the we run the night night  
Be funny at the we run the night  
Be funny at the we run the night  
Run them like we run them run them  
Run them like we run them  
Run them like we run the night

From the bottom of the \_\_\_\_  
To the lane down, down, down  
You feel much like see my and hear my hunger  
And how money gets older let?s get younger  
They sell their soul with a couple of \_\_\_\_  
I have no number  
Come on baby, oh oh baby, no no baby  
Yeah yeah baby.  
I know is hard to stay they can?t erase me  
Now you pay me

Chorus:  
Be funny at the we run the night night  
Be funny at the we run the night  
Be funny at the we run the night  
Run them like we run them run them  
Run them like we run them  
Run them like we run the night

Feeling like a rush rush rush rush  
Pushing pass me all over my skin skin  
I can get enough nough nough  
?cause the beat keep pooling me in  
Taking me so high up up up  
Place that i?ve never been  
Party party all night night night  
We all day \_\_\_\_ and do it again
