

Hawksley Workman, Baby This Night

Baby this night
This nights for us
And baby this night
Can only be seen as yours and mine
Like a blessing dear
I will bet you anything
That god is watching right now
So lets stay close
Were the last on earth
Lets be in love
Like were the last on earth
And I hate to break it to you baby
But were the last on earth
The world wont have a chance to witness your sweet loveliness
Not like I will now
The whole wide world will be nothing but your beauty, dear
Theres no one else down here
And I can say for certain now
That god wants this to be
So lets stay close like were the last on earth
Lets be in love
Like were the last on earth
And I made the choice for us my darling
To be the last on earth
And its taken all a lifetime
Its taken all a lifetime
Baby this night could be ours
So just close your eyes
