

# Hawksley Workman, Let's Make Some Soup

(almost a full moon)

let's make some soup 'cause the weather is turning cold  
let's stir it together till we are both grey and old  
let's stir it together till it tells us stories of its own  
let's make some soup 'cause the weather is turning cold

pumpkin and parsnip carrots and turkey bones  
bay leaf and pepper potato and garlic cloves  
you stir a moment while i put more wood in the stove  
let's make some soup 'cause the weather is turning cold

the moon's almost full and the candles are burning low  
it's almost midnight and you wouldn't even know  
the light gets reflected on freshly fallen snow  
let's make some soup 'cause the weather is turning cold

we'll make enough to feed everyone we know  
we'll make enough to feed everyone we don't  
no one is different everyone's alone  
let's make some soup 'cause the weather is turning cold

let's make some soup because everyone feels the cold  
let's make some soup 'cause the weather is turning cold
