

# Hawkwind, Angels Of Death

We're angels of life, we're angels of death  
We're angels of life, we're angels of death  
We're born to blaze a nuclear way through space  
A way out of the waste that held the human race

We're angels of life, we're angels of death  
We're angels of life, we're angels of death  
We are the dead who are never led  
We are the warriors at the edge of time  
We lurk inside your brain, we hide inside your minds

We're angels of life, we're angels of death  
We're angels of life, we're angels of death  
We stalk the city streets, to kill all we meet  
Nostrils flare awhile, it makes you want to smile

We're born to erase all of your days....
