

Hawkwind, Kings Of Speed

Kings of Speed, Kings of Speed,
We're gonna make you kings of Speed
Kings of Speed, Kings of Speed,
We're gonna make you kings of Speed

Between you and me Mr. C,
I think we have what we both need
Step this way lads, it ain't no lie,
Try your luck and maybe hit the sky

Kings of Speed, Kings of Speed,
We're gonna make you kings of Speed

We're gonna take a tasty trip
On Frank and Beasley's rocket ship
The biggest attraction, the brightest star,
Boys you're going fast and far

Kings of Speed, Kings of Speed,
We're gonna make you kings of Speed

We guarantee you the sweetest ride
You'll go so far you'll think you've died
Step this way lads it ain't no lie
Try your luck and reach the sky
