

# Hawkwind, You Know You're Only Dreaming

One more touch and then you'll see  
A world of hidden mystery,  
Visions of you know you're only dreaming

Colours change, I stand upright  
Screaming souls in the night  
Visions of you know you're only dreaming

Chaos all within my mind  
Try to reach and wanna be with my own kind  
Visions of you know you're only dreaming.
