

Hawthorne Heights, Ohio Is For Lovers (Live Aco

Hey there

I know it's hard to feel like I don't care at all

Where you are and how you feel

Put these lights off as these wheels

Keep rolling on and on. (and on and on and on...)

Slow things down or speed them up

Not enough or way too much. (and on and on and on...)

Are you and I gone?

(Chorus:)

And I can't make it on my own

(And I can't make it on my own.)

Because my heart is in Ohio

So cut my wrists and black my eyes

(Cut my wrists and black my eyes)

So I can fall asleep tonight, or die

Because you kill me

You know you do, you kill me well

You like it too, and I can tell

You never stop until my final breath is gone

Spare me just three last words

"I love you" is all she heard

I'll wait for you, but I can't wait forever

(X2)
