

HaYehudim, Where Do You Go

Please help me god
Please help me
Where do you go
Please tell me
Please tell me
Where do you go

I want to be with you
I want to hold you even more
Where do you go
I love you
I want to let you know
I love you
I want you when you're gone
Where do you go

Please take me now
Please make me
Where do you go
Please save me
Please have me
Where do you go

If I could be with you
If I could see you just once more
Where do you go

I love you
I want to let you go
I love you
I want you when you're gone
Where do you go
