

# Hayley Westenra, Across The Universe Of Time

When the sea falls from the shore  
As the light sinks low, will I see you any more?  
As the rain falls from the sky  
Can I bring you back, from a distant lullaby?

Show me your vision, the story begun  
Two lights are rising and burning as one

In the deep blue of the night  
Shine the millions of stars and my spirit burning bright,  
Spinning on, into the sun, flying higher  
Now my journey's begun... And the...

Cold, cold wind, it blows me away  
The feeling all over is a black black day  
But I know that I'll see you again  
And I know that you're near me

There's a star, calling my name  
Its echo is true and the song is not the same  
Take my hand and lead me away  
Bring me back to you in your arms I'm going to stay

Tell me your vision, the story begun  
Two lights are rising and burning as one

All those years drifting in space  
I have known you well, yet I've never seen your face  
You turn around, looking at me, laughter in your eyes  
And now I can see.

And the cold, cold wind, it blows me away  
The feeling all over is a black black day  
But I know that I'll see you again  
And I know that you're near me

And the cold, cold wind, it blows me away  
The feeling all over is a black black day  
But I know that I'll see you again  
And I know that you're near me
