

Hayley Westenra, Never Saw Blue

Today we took a walk up the street,
We picked a flower and climbed a hill above the lake
Secret thoughts, u said aloud,
We watched the faces in the clouds
Until the clouds have blown away
Were we ever somewhere else u know
It's hard to say

I never saw a blue like that before
Across the sky, around the world
You're giving me all u have and more
No one else has ever shown me how
To see the world the way I see it now, oh I
I never saw a blue like that

I can't believe
Among the gold I was alone
I didn't know u, I've never seen you, or heard your name
And even now, I'm so amazed it's like a dream
It's like a rainbow, it's like the rain
Some things are the way they are and words just can't explain

I never saw a blue like that before
Across the sky, around the world
You're giving me all u have and more
No one else has ever shown me how
To see the world the way I see it now, oh I
I never saw a blue like that before

It feels like now, it feels always,
And it feels like coming home

I never saw a blue like that before
Across the sky, around the world
You're giving me all u have and more
No one else has ever shown me how
To see the world the way I see it now, oh I
I never saw a blue like that before
