Hayley Westenra, Never Saw Blue

Today we took a walk up the street, We picked a flower and climbed a hill above the lake Secret thoughts, u said aloud, We watched the faces in the clouds Until the clouds have blown away Were we ever somewhere else u know It's hard to say

I never saw a blue like that before Across the sky, around the world You're giving me all u have and more No one else has ever shown me how To see the world the way I see it now, oh I I never saw a blue like that

I can't believe Among the gold I was alone I didn't know u, I've never seen you, or heard your name And even now, I'm so amazed it's like a dream It's like a rainbow, it's like the rain Some things are the way they are and words just can't explain

I never saw a blue like that before Across the sky, around the world You're giving me all u have and more No one else has ever shown me how To see the world the way I see it now, oh I I never saw a blue like that before

It feels like now, it feels always, And it feels like coming home

I never saw a blue like that before Across the sky, around the world You're giving me all u have and more No one else has ever shown me how To see the world the way I see it now, oh I I never saw a blue like that before
