Hayley Westenra, What You Never Know (Won't

What you never know won't hurt you What you never know won't lie What you never know won't desert you What you never know won't say goodbye

What you never know won't hurt you What you never know won't lie What you never know won't desert you What you never know won't make you cry

I'm falling for you I'm falling for you I first come in June I'm falling for you

What you never know won't hurt you What you never know won't lie What you never know won't desert you What you never know - unless you try

I'm falling for you I'm falling for you
