

# Hazel, Truly

it must be something in the air she said  
that makes it so square when we get together  
feels like snakes in my hair  
and it feels all wrong somehow  
by the wall I fell well maybe next year  
i'll fall  
i don't care  
cause for alarm you know I mean it so  
you know I mean mean it so  
you know I mean it so  
truly, truly truly, truly  
truly, truly truly, oh-oh
