

Hazzards, Gay boyfriend

One, two, ready go
I'm tired of boys who make me cry
They cheat on me and they tell me lies
I want a love who'll never stray
When he sees other girls, he looks away
And if he never kisses me, well that's alright
'Cos we can just cuddle all night
Gay boyfriend, gay boyfriend
I don't really care that you are queer
Gay boyfriend, gay boyfriend
I never feel lonely when you are near
It'll be a great romance
We'll go shopping and buy tight pants
You don't care how big my ass is, just how fabulous my dress is
Gay boyfriend, gay boyfriend
I don't really care that you are queer
Gay boyfriend, gay boyfriend
I never feel lonely when you are near
One, two, ready go
You cry at movies, on our dates
Romantic comedies sure are great
But when you're sad I'll dry your tears
'Cos I'll always think that you are fierce
I like cigarettes, and that's no gag
But you'll always be my favorite fag
You'll always be my favorite fag
You'll always be my favorite fag
My gay boyfriend, gay boyfriend
I don't really care that you are queer
Gay boyfriend, gay boyfriend
I never feel lonely when you are near
Gay boyfriend, gay boyfriend
I don't really care that you are queer
Gay boyfriend, gay boyfriend
I never feel lonely when you are near
Gay boyfriend, gay boyfriend
I don't really care that you are queer
Gay boyfriend, gay boyfriend
I never feel lonely when you are near
