

Head Automatica, Candy Warhol

The fuzz is here they're taken names
So get down low
Your mama dont care your daddy dont care
Your sister dont care so
Drop it like its hot
Psycadelia here we go
Your mama dont care your daddy dont care
Your sister dont care so
The worlds loneliest millionaire
Is growing short of air
And will die alone in time

Turn the party out and begin
To watch the ceiling grow
Your mama dont care your daddy dont care
Your sister dont care so
Selector turn it out
Psycadelia here we go
Because I dont care because I dont care
Because I dont care so
The world loneliest millionaire
Is growing short of air
And will die alone in time
