

# Head Automatica, Million Dollar Decision

You came and went  
Too much time was spent  
In the throes of a runaway holiday  
But you came before me  
Now you can't afford me

Oh, I can't believe I'm responsible  
If you even care, let me know  
I loved you so  
But I was too proud to go  
And now you're asking me  
Asking me

Who made the million dollar decision?  
I made it deep inside my heart

If you see a man with his head in his hands  
That's the portrait of a runaway  
There before you making your demands  
You came before me  
Now you can't afford me

Oh, I can't believe I'm responsible  
If you even care, let me know  
I loved you so  
But I was too proud to go  
Now you're asking me  
Asking me

Who made the million dollar decision?  
I made it deep inside my heart  
Who made the million dollar decision?  
I pay for it when we're apart

You're falling to your death  
For giving what you get  
You took the fall  
You're falling to your death  
And now you're asking me  
You're asking me

You're falling to your death  
For giving what you get  
You took the fall  
You're falling to your death  
And now you're asking me  
Asking me

Who made the million dollar decision?  
I made it deep inside my heart  
You tried to get the best of me  
And killed the man who's next to me  
I pay for it when we're apart  
I made it deep inside my heart  
I made it deep inside my heart
