

# Head East, When I Get Ready

When I get ready I'm gonna show you  
How some real good loving can be  
When I get ready I'm gonna show you  
That the best things in life are free  
Having fun and singing songs  
Making love the whole night long  
When I get ready I just can't go wrong  
When I get ready I'm gonna show you  
Just how easy it is to find a smile  
When I get ready I'm gonna show you  
Just what they mean when they talk about my style  
Having fun and singing songs  
Making love the whole night long  
When I get ready I just can't go wrong  
All around the world  
It's getting better  
'Cause the boys and girls  
Are getting ready  
For a better world  
It's getting better  
All around the world  
When I get ready (10 times)
