

Headcharger, Flesh Creep Behind The Peep Hole

A massive destruction of everything around you
Attack is the best defense
Love what you hate and give back the change
Don't wait for the next offense
Love what you hate and give back the change
Don't wait for the next offense
A poor existence teaching others
I'm ready for your private lesson
A door so closed won't stop me now
Like my unconscious I wanna open
I'm here
At your door
NO TURNING BACK
FACE TO FACE
DIE YOU MEAN NOTHING
CAUSE YOU MEAN NOTHING TO ME
