

# Headhunter, Two Faced Promises

Now finally our country,  
Is reunited history  
Now east is released  
No doubt for me  
An upward trend for economy  
But far from it, our unity  
Gets financed from our charity  
We got to bleed, get forced to pay  
That's what we're doing anyway  
Taxes up the malicious way,  
Of getting asked to fuckin' pay  
Call to mind, they fooled us all  
Taxman's deception is our fall  
Two faced promises  
The swindle of our century  
Two faced promises  
It's backed up by the industry  
Two faced promises  
They take our money  
But far from it, our unity  
Gets financed from our charity  
We got to bleed, get forced to pay  
That's what we're doing anyway  
Taxes up the malicious way,  
Of getting asked to fuckin' pay  
Call to mind, they fooled us all  
Taxman's deception is our fall  
Two faced promises  
The swindle of our century  
Two faced promises  
It's backed up by the industry  
Two faced promises  
They take our money  
Two faced
