

Headnoise, Operation

Does it hurt to pick a scab root up all the rot

Infection

Fester under skin and bone, rise up to the top

Infection

Operation in my heart

Operation in my mind

Operation Jesus heal me

Operation change my life

Do I really want to be healed?

All this pain infects my heart, is there freedom for my lamed soul?

Can God change this wretched life?

Healing hurts it make my flesh scream, resistance means I have to fight

When I'm weak he is strong

I will scream Christ exalted

When we're weak he is strong

We will scream Christ exalted

Resist the lies!

I'll take the shot, I'll fight the fight, operate!
