

# Headnoise, The Sky is Falling

Judgment is coming, could it be true?

You don't care, as long as it's not you TV says kids killed by crack,  
next door neighbor slammin smack, better than me you say,  
Judgment can come but not today...

The sky is falling.. but not on my head

Judgment is coming, could it be true?

The world is dying, it's nothing new, sinful lusts become your master,  
all around death and disaster, disease and aids kill everywhere,  
hell may be true, but you don't care...

The sky is falling.. but not on my head

A man thinks his way is right, but the end of it is death he's gonna die!

Judgment coming, you know it's true cling to your denial become a fool.

Live your life like no tomorrow,  
no such thing as pain and sorrow  
act as if your in control the life you lead it takes its toll

The sky is falling... but not on my head!
