

Headplate, Not The Same

You are my inner thoughts
You are still inside of me
You are my precious one
I want you to be the same
I hope you come back soon
To the way you were before
I want you to explain to me

Who the fuck you really are (repeat 2 X)

You left me standing here alone
I wonder why you turned so cool
You gave me more than anyone
But now it all is gone

I wanna be with you
like the way you were before
I just wanna be with you
and nothing one you are

I'm so in pain it hurts so much
You treated me like dirt
I remember how you used to be
But you are not the same to me
It feels so empty without you
But now I know it's true
You stole my faith once more
And made me see how much you cared

I wanna be with you
like the way you were before
I just wanna be with you
and nothing one you are

I don't wanna be with you
Not the way you are today
Just don't wanna be with you
So stay the fuck away

Stay away
