

# Headstone Epitaph, Power Of Love

[Love in all of its many facettes takes both giving and taking.]

Don't want it, don't need it,  
Be pissed off, or cheated  
I never hurt my friends  
I tell you my dreams  
And my secrets, my sins  
I know it's in good hands with you

Dont want it, don't need it,  
To see what I believe in  
We falsify the truth  
Decision, submission,  
You know that it sometimes hurts  
To be the foolish one

Believe in the power of love  
That comes from the heaven above  
A saviour from heaven, not hell  
We needn't be under his spell

Go onwards, go our way,  
We're learning from yesterday  
We have to make mistakes  
I often think of you  
I know that you do it too  
This is the bond we justify

Believe in the power of love  
That comes from the heaven above  
A saviour from heaven, not hell  
We needn't be under his spell

Believe in the power of love  
That comes from the heaven above  
A saviour from heaven, not hell  
We needn't be under his spell
