

# Headstrong Feat. Kirsty Hawkshaw, Love Calls

Don't give up, don't give in  
Feed the strength deep within  
Let your spirit drive, let it flow  
When love calls you, you will know  
Love calls you by your name (repeat)  
Love call you by your name, once again  
Keep your faith, save the prayer  
Let your instincts take you there  
And as you rush, and as you ride  
Love will shine in your eyes  
So love calls you by your name  
Love calls you by your name (repeat)  
Love calls you by your name, once again  
Come let your love shine  
And let your soul be free  
And let your heart rise  
When you're in love  
When you're in love (echo)  
When you're in love, it's in your eyes  
It's in your eyes  
Love calls you by your name (repeat)  
Love calls you by your name, once again  
Come let your love shine  
And let your heart be free  
And let your spirit rise  
You're in love  
When you're in love  
When you're in love, it's in your eyes  
You're in love  
When you're in love (echo)  
When you're in love, it's in your eyes  
It's in your eyes (repeat)
