

# Headway, Remind Me To Miss You

I miss feeling you there by my side  
I miss holding you close in the night  
I miss the things that we used to do  
I miss you

And I'm sure there are moments  
When you stop to think about me

I've been thinking of things that i said  
And I see the reason that you may have left  
I hear songs that remind me of you  
And I miss you

And I'm sure there are moments  
When you stop to think about me
