

# Heart Evangelista, One

One  
By Heart Evangelista

One Night, One Kiss  
Only One Feeling Exist  
One Breath, One Touch  
But I've Never Felt This Much

And I, I Wanna Share My Whole Life With You  
I Wanna Keep On Dreaming Dreams And With You  
Make Them All Come True  
As I Lay Inside Your Arms And  
Rest My Head Upon Your Shoulder  
Believe Me There's Nothing That  
I Can't Do Whenever We're Together

One Time, One Place  
With The Warmest Sweet Embrace  
One Joy, One Pain  
Only True Love Can Sustain

And I, I Wanna Share My Whole Life With You  
I Wanna Keep On Dreaming Dreams And With You  
Make Them All Come True  
As I Lay Inside Your Arms And  
Rest My Head Upon Your Shoulder  
Believe Me There's Nothing That  
I Can't Do Whenever We're Together

I Can Never Be The Same Girl That I Used To Be  
I'm Stronger Now 'Cause  
You've Made Me Face The Fear In Me  
And You Don't Have To Prove Yourself At All  
And Making Wrong Things Right  
The Fact That You Love Me  
Makes Everything All Right

And I, I Wanna Share My Whole Life With You  
I Wanna Keep On Dreaming Dreams And With You  
Make Them All Come True  
As I Lay Inside Your Arms And  
Rest My Head Upon Your Shoulder  
Believe Me There's Nothing That  
I Can't Do Whenever We're Together

And I, I Wanna Share, Share My Whole Life With You  
I Wanna Keep On Dreaming, Dreams Do Come True  
As I Lay Inside Your Arms And  
Rest My Head Upon Your Shoulder  
Believe Me There's Nothing That  
I Can't Do Whenever We're Together

Honey Keep On Dreaming  
Nothing That I Can't Do  
Nothing That I Can't Do  
Only When I'm With You
