

Heart, It's Christmas Time

It's Christmas Time
Christmas is the time of year
When miracles are done
You can give your hand to a friend in need
A smile to a sad someone
Your best friend knocks upon your door
And asks if you want to play
You don't feel much like sharing your toys
But you share them anyway
You make the time to take some time
With dear and special ones
Christmas is the time of year
When miracles are done

Open up your heart it's Christmas time
Illuminate the dark it's Christmas time
Shine a little light into the world It's Christmas time

Christmas is the time of year when music's in the air
Timeless and familiar songs
You hear them everywhere
Even Ebenezer Scrooge sang on Christmas day
Something's living in those songs
That all hearts long to say

Open up your heart it's Christmas time
Illuminate the dark it's Christmas time
Shine a little light into the world It's Christmas time
