

Heart, Love Alive

the sky was dark this morning
when i raised my head
i stood at the window- darkness was my bane

suddenly a sunbeam arch
thrilled me to my weary heart
it was the prettiest thing i'd ever seen

i knew i had to keep my love
keep my love alive
keep my love- keep my love alive

baby i want you to roll me
hold me in your love
no more habits, promises and jive

ever since i was a baby girl
wanted one thing most in this world
it was to keep my love- keep my love alive

i want to keep my love- keep my love alive
keep my love- keep my love alive

you're up there under the spotlight
your silver trophy shines
with all you got, my lord! you must get high
you need a whole lot more than money
you need more than to survive
you gotta keep your love
keep your love alive!
