Heart, Love Alive

the sky was dark this morning when i raised my head i stood at the window- darkness was my bane

suddenly a sunbeam arch thrilled me to my weary heart it was the prettiest thing i'd ever seen

i knew i had to keep my love keep my love alive keep my love- keep my love alive

baby i want you to roll me hold me in your love no more habits, promises and jive

ever since i was a baby girl wanted one thing most in this world it was to keep my love- keep my love alive

i want to keep my love- keep my love alive keep my love- keep my love alive

you're up there under the spotlight your silver trophy shines with all you got, my lord! you must get high you need a whole lot more than money you need more than to survive you gotta keep your love keep your love alive!
