

HEART & SOUL, Lisbon (feat. Łukasz Lach)

Seas of sorrow
The veil of space beetwen us
Songs of love melt away in the sun

My pillows are colder
than the chapel I pray in
for love and for you to come home

chorus:
Who needs arrows of love
that cut
too deep
Who will put me to sleep
too sweet
to ever stop

Dear tomorrow
Bring out my heart to see the light
Feed with blood like a grape in the sun
So I will dance my pain away
And if I must
I'll have my soul peeled by may when you're back
