

Hearts Of Black Science, Fading Evening Star

Once I was lost in you
You were the shining moon and sun
Once you said I loved you back
I was the fading moon and sun

Cave in
Crawl back inside
People dreaming in blue
Cave in
Crawl back inside

People say youre everything
The lights a universal glow
Once you took your life away
You were the fading evening star

Cave in
Crawl back inside
People dreaming in blue
Cave in
Crawl back inside
