

# Heath Hunter, Revolution In Paradise

What a world  
What a place to be  
See the People ev'rywhere  
The pain of nations -  
I tell you  
Mother earth needs the help  
Of all the children of the world  
A revolution

Here we go -  
Hear me say  
It's revolution in paradise  
Here we go -  
Hear me say  
It's revolution in paradise

What a world  
What a place to be  
So many people in misery  
So much pain, so much poverty  
We all should be free  
See the  
Beauty is ev'rywhere  
Mother earth  
We must take more care  
We all live  
In a paradise  
We must treat her right

Here we go -  
Hear me say  
It's revolution in paradise  
Here we go -  
Hear me say  
It's revolution in paradise
