

Heather Alexander, Life's Wheel

(full circle)

Life's wheel turn again
Life's wheel turn again
Come full 'round, come full 'round
Winter, Summer, Spring and Fall
Magic lives in one and all
Come full 'round, come full 'round

(spring)

Life's wheel turn again
Life's wheel turn again
Come full 'round, come full 'round
Wake the land from out the cold
Life is born from death and old
Come full 'round, come full 'round

(summer)

Life's wheel turn again
Life's wheel turn again
Come full 'round, come full 'round
Change from straw to flowers fair
'Tis the sign of magic there
Come full 'round, come full 'round

(autumn)

Life's wheel turn again
Life's wheel turn again
Come full 'round, come full 'round
Dine we now on harvest sweet
Bread and wine and seasoned meat
Come full 'round, come full 'round

(winter)

Life's wheel turn again
Life's wheel turn again
Come full 'round, come full 'round
As the land succumbs to sleep
Magic will be ours to keep
Come full 'round, come full 'round

(elemental)

Life's wheel turn again
Life's wheel turn again
Come full 'round, come full 'round
Air and Water, Fire and Earth
All four quarters form our birth
Come full 'round, come full 'round
