

# Heather Headley, Ain't It Funny

Verse 1:

Tried to leave me broken and confused  
You tried to hurt me  
Throw me out like something used  
But now your back and you need me for everyting  
To help you, and keep you, hold you and need ya  
Oh, how things have changed

Chorus:

Ain't it funny how life goes around  
Same people you meet goin' up  
You see them coming down  
But ain't it funny how you can need me now  
Same women you miss treated is your everything now

Verse 2:

Tryin' to find a place in my heart to forgive you  
Maybe some old memory will make me care for you  
Seeing you this way oh, makes me wanna cry  
To help you, to hold you, love you and teach you  
There are rules of life, ain't it funny

Chorus:

Ain't it funny how life goes around  
Same people you meet goin' up  
You see them coming down  
But ain't it funny how you can need me now  
Same women you miss treated is your everything now

Brigde:

What goes around, see it always comes around  
And I know I don't serve, it's gotta come down  
Don't you know you reep what you sow  
Baby that is what I know  
You need me just like I needed you

Chorus:

Ain't it funny how life goes around  
Same people you meet goin' up  
You see them coming down  
But ain't it funny how you can need me now  
Same women you miss treated is your everything now
