

Heather Nova, All I Need

Can we love each other
And respect each other
Find some joy together

'Cause that's all i need, oh, all i need
That's all i need, oh, all i need

I don't want your money
Or all your time
Just a heart that's beating
With mine

'Cause that's all i need, oh, all i need
That's all i need, oh, all i need

And when you've got the wound on your shoulders
You'll see
I be there for you
Like you there for me

That's all i need, oh, all i need
That's all i need, oh, all i need
That's all i need, oh, all i need
