

Heather Nova, Aquamarine

Thanks to Bajo Philip for submitting the lyrics

Aquamarine
All that glitters lies beneath
Deep blue, shallow green
I won't let it go

Aquamarine
You're my sexy little daydream
Deep blue, shallow green
I don't make it sound

Now there's a dream
Aquamarine
Send it up into the gulf stream
Deep blue, shallow green
I won't let it go
Now there's a dream
Now there's a dream
