Heather Nova, Heart And Shoulder

Wanna cry for you Would it do any good? If I rained for you It would just be water

And the night's with you And the storm's in your hand And you're down, and you're down And I can't lift you

I'm powerless to change your world I'm powerless to stop the hurt

But I'll give you my heart Give you my shoulder

I give you my heart Give you my shoulder Over and over

Wanna run for you
Would it do any good?
If I flew for you
You would still be standing

And it's hard watching 'Cause I'm part of you And it's hard not to Not to know what I can do

I'm powerless to change your world I'm powerless to stop the hurt

I'm trying hard to be your tower of strength I'm trying hard to bring you back to joy

I'll give you my heart Give you my shoulder I give you my heart Give you my shoulder

When the night just cuts you through And the dream is lost to you When you're worried and confused

I will give you my heart Give you my shoulder I give you my heart Give you my shoulder Over and over

Time and again Give you my shoulder I will, I give Give you my heart Give you my shoulder I will

I will
Time and again
Over and over
I give you my heart
Give you my shoulder
