

# Heather Nova, Ruby Red

I've got a ruby red desire  
Like a virus like my last hope  
I've got a ruby red desire  
I've got to hear the red bird sing  
I've got to rip this cord  
And rinse this lazy blood  
Clear a path and walk away

I've been waiting for the sky to fall  
I've been worried I could lose it all  
I've been waiting for the safety net  
Tell myself that I'm not ready yet

And every memory's a dream  
And each uncertainty reminds me why  
I saw a kid outside playing by a moongate  
Making paper things that fly

I've been waiting for the sky to fall  
I've been worried I could lose it all  
I've been waiting for the safety net  
Tell myself that I'm not ready yet

I want to live (and shed my skin)  
I want to live (and dive in)  
I want to live (and shed my skin)  
I want to live (and dive in)

I've been waiting for the sky to fall  
I've been worried I could lose it all  
I've been waiting for the safety net  
Tell myself that I'm not ready yet

I want to live (and shed my skin)  
I want to live (and dive in)  
I want to live (and shed my skin)  
I want to live (and dive in)
