

# Heather Nova, That's All I Need

Can we love each other?  
And respect each other?  
Find some joy together?

That's all I need  
All I need  
That's all I need

I don't want your money  
Or all your time  
Just a heart that's beating

With mine

That's all I need  
All I need  
That's all I need

And when you've got the world on your shoulders, you'll see  
I'll be there for you like you'll be there for me

'cause that's all I need...
