

# Heatmiser, Can't Be Touched

i'm in love  
with an icon. i didn't expect him to call  
i'm crushed and ground in some disaster  
i feel like a criminal  
turn out the light, don't crush me  
i get a bruise and i'm not even touching, touching  
are you sincere or are you dangling bair  
and if i bit will you judge me

i don't know what's genuine  
i go back and forth with him  
does a screw make a bad lynch pin  
i don't know what's genuine

i think about this is a grin with a ?????  
i thought i couldn't be touched until they tagged me out  
and i didn't even feel it at all  
the bigger the hands, so full of s\*\*\*  
the neighborhood is one crowded bed  
they're all so strange ???  
?????

i don't know what's genuine  
so i go back and forth with him  
does a screw make a bad lynch pin  
i don't know what's genuine

oh i'm losing control  
who's in control  
i'm losing control  
can't be touched

i don't know what's genuine  
so i go back and forth with him  
does a screw make a bad lynch pin  
i don't know what's genuine
