

# Heaven Ablaze, Exiled From Heaven

His personal quest  
Is to condemn the life you feel  
But not knowing, he is inside  
God cannot save you  
You are damned within his presence  
But still not knowing, he dwells within

Feel his essence  
Burning inside  
The unholy angel  
Exiled from heaven

Broken dreams lead to  
A shattered trail for your life  
And still not knowing, he is inside  
Psychopathic illusions  
His vengeance you shall endure  
And still not knowing, he dwells within

An angel of darkness  
Expelled from the light  
No good will or greatness  
He felt nothing but fright
