

Heaven Ablaze, Reclaiming Vengeance

Trapped far beyond
Sickly despair
The scent of death
Is contained in the air
Lead far beyond
Your eternal grave
Your soul shall never
Never be saved

Reclaiming vengeance
For their atrocities
Reclaiming vengeance
For their hypocrisy

Reclaiming vengeance
For their atrocities
Reclaiming vengeance
For their hypocrisy

Chemical warfare
Set to engage
Nuclear warfar
Shall enrage
Here to occupy
This chaotic state
Here to change
Change their unholy fate

Reclaiming vengeance
For their atrocities
Reclaiming vengeance
For their hypocrisy

Reclaiming vengeance
For their atrocities
Reclaiming vengeance
For their hypocrisy

-Solo-

No forgiveness within these eyes
No forgiveness for their lies
No forgiveness within these eyes
No forgiveness for their lives

Trapped far beyond
Sickly despair
The scent of death
Is contained in the air
Lead far beyond
Your eternal grave
Your soul shall never
Never be saved

Reclaiming vengeance
For their atrocities
Reclaiming vengeance
For their hypocrisy

Reclaiming vengeance
For their atrocities
Reclaiming vengeance
For their hypocrisy
