

Heaven Ablaze, Sin After Sin

As human beings becoming
We can be so vulnerable
Oh to see so clearly
Would be a sinful vision indeed

Oh to feel the pain
Of centuries
Sin after sin
An ageless prodigy

Oh to feel the pain
Of centuries
Sin after sin
An ageless prodigy

The eyes of the beholder
Shall forever succeed
While the tears of the wicked
Shall forever bleed

Oh to feel the pain
Of centuries
Sin after sin
An ageless prodigy

Oh to feel the pain
Of centuries
Sin after sin
An ageless prodigy

Yesterdays are now
Gone forever
No fate but what
We may make of it
Timelessness is lost
Within bereavement

-Solos-

Only to live for
The life beyond
In our beings we are
What we create
We all have the power
To bring the end
It's up to us to amend
The fortune ahead
