

# Heaven's Gate, Can't Stop Rockin'

(Words: Rettke)

(Music: Rettke, Paeth, Bilski)

We're standing here amazed and stare  
at a place we couldn't reach  
we're standing all together now  
and it's time we need a preach

In the last rays of the settin sun  
we kindle up the flame  
you're waiting for that night to run  
as we waited for that fame

Infected with that virus  
we can feel the fever grow  
this heat splits up your body  
and it's time to start the show

We're rising up like thunderstorm  
with power, heat and pain  
the heatstrokes of this metal gear  
are boiling up your veins

(CHORUS:)

WE CAN'T STOP ROCKIN'  
as we slip into the night  
WE CAN'T STOP ROCKIN'  
and we're standing side by side  
WE CAN'T STOP ROCKIN'  
got a kick from iron hell  
WE CAN'T STOP ROCKIN'  
and we're waiting for that yell

We're entering the stages  
at the bottom we feel safe  
this rock's residing in your heart  
from the cradle to the grave

Within this open fire  
the hammer's coming down  
and starting up that fireworks  
of feeling, light and sound

(CHORUS)

All the years we bore the load  
now we're ready to explode  
now we got the time to lead  
rock 'n' roll is what we need  
rock 'n' roll is what we need

Watch out!  
listen to your heart and to your soul  
Watch out!  
listen there is time for rock 'n' roll  
Come on and get it any time you need  
we'll be there for you satisfaction guaranteed

(CHORUS)
