

# Heaven Shall Burn, Pass Away

Now I know you knew it all before.  
It was doomed to failure - All my love and all my dreams.  
My empty eyes embrace the sky.  
Impossible to penetrate your clouds.  
The epidemic you created fills my heart, infests my soul.  
With my broken hands I'll never reach your stars.  
My frozen skin is longing for a fire.  
An outcast you created to feel strength.  
To rule a world of addicts.  
Your paradise no place for me.  
All feelings lost, the rain of ice.  
But if I drowned - I'll take all of you with me.
