

# Heavenwood, Weeping Heart

Under Doleful Skies  
She was gone forever and ever  
Gone without a heartfelt farewell  
Erased for all eternity  
Who blame you now?  
Memories was my only joy  
For a moment I feared myself  
As my strength is falling down  
Lost, condemned, eternally  
Who blame you now?  
No more tears of blood  
From my mystic Queen  
The one I enthroned  
Goddess of my destiny  
Who blame you now?  
A weeping heart!
