

Heavy Trevy, Later

GOOD BYE AND FUCK YOU
cant you see that its
to late for your ass
so come take your shit back

why do you
always kick me when im down
lie to me
cuz i no u sleep around

well when i first met u
i thought to myself
that id be with u
and no one else
but i guess i was sorely mistake

please dont tell me that you care
with that open end stare
id be lying if I said
that you were there
so what im trying to say is

GOOD BYE AND FUCK YOU
cant you see that its
to late for your ass
so come take your shit back

why do you
always kick me when im down
lie to me
cuz i no u sleep around

when you talk all i hear is blah blah blah
but you wouldnt think i listen at all
so i just pretend that i dont care

and i know you try to lie
cuz your desperate to deny
all the dirty things you did
with those other guys
so what im trying to say is

why am I always the one
who gets fucked by some slut
and then dumped
and shit on
if it sounds kind of bitter its because
i am so i wrote you this song

slut!
