

# Heideroosjes, Can Anybody Tell Me ?

Can anybody tell me what i'm doing here ?  
I try to stay alive in a world of fear  
I just look out my window and guess what i see ?  
All those kinds of misery, it makes me angry

(CHORUS)

Can anybody tell me why ?  
Can anybody tell me how ?  
Can anybody tell me why ?  
Can anybody tell me how ?

Can anybody tell me there is life after death ?  
Where do i go after i've taken my last breath ?  
Don't tell me that's something only God knows  
Cause i've never met Jezus and i don't like muppetshows

(CHORUS)

My head is full of questions about this life  
There is none who can tell me which way to survive  
I just don't know which way i have to chose  
Maybe i will win but at the end i will loose  
But i'm not a coward and i'll chose to fight  
The future will learn what's wrong and what's right

(CHORUS)

Can anybody tell me who gave us the right ?  
The right to call us human the right to kill & fight  
We destroy a beautiful world that isn't even ours  
But once it is enough within years or maybe hours !

No one, No one, No one can tell me why !
