

Heideroosjes, Delete Me

Wouldn't it be great
To disappear
Delete my name out of every system
A smile on my face
That's my ID
I'm not on your list 'cause I've got no number

Come on, come on, come on,
Push that button un-ID-me
Come on, come on, come on,
Do it now!

Let's get offline
Move out of here
All my bills will be returned to sender
Address unknown
My accounts are closed
Need a print? You can get the finger!

Come on, come on, come on,
Push that button, un-ID-me
Come on, come on, come on
Do it now!

Come on, come on, come on,
Come on, come on, come on,
Do it now!
